

# I Want To be Like MLK Jr.

Martin Luther King Jr was a person who fought for civil rights and justice for black people. He helped many black people get ~~civil rights~~ freedom.

When Rosa Parks sat in a white persons seat, she got arrested.

Martin Luther King Jr and other black people fought for Rosa Parks,

By telling everybody who was black to not ride the bus, because they didn't have much money so the bus drivers would have ~~to~~ <sup>to</sup> take and they will run out of money. ~~He~~ He gave speeches in a lot of states even Alabama. And in Alabama he got arrested because he ~~don't~~ <sup>don't</sup> ~~strated~~ <sup>strated</sup> nonviolent protests against segregation.

~~He~~ In Washington on August 28, 1963 Martin Luther King Jr delivered the "I have a dream" speech. A sentence from the

"I Have a Dream" is "with this faith we will be able to walk together... this gave a lot of people the courage to treat everybody equally."

Just like MLK Jr I want to love and treat all my fellow ~~other~~ people with love and respect. I will strive to support ~~after~~ all the people in need. I want to work in shelters and volunteer. My mother being a doctor has mentioned increasing health problems, in the people of color and hispanics. I have been to few health campaigns to educate about health eating and providing access to care. Volunteering at the library along with my brother is my favorite pass time during summer break. I will be respectful to everyone and believe in team effort to fight racism.
